Terms & Conditions of Sale

The Terms & Conditions of Sale set forth herein, and any supplements, which may be attached hereto, shall apply to all tenders made and all orders for the sale, supply, erection or installation of goods or performance of services ("Goods" and "Services") accepted by Eaton Electric Ltd. (hereinafter referred to as "Seller"). Notwithstanding any contrary language in the Buyer's purchase order, correspondence or other form of acknowledgment, Buyer shall be bound by these Terms & Conditions of Sale. Special or additional terms of the Buyer shall only be binding upon Seller if specifically accepted in writing and signed by an authorised Director of Seller. No contract shall exist except as herein provided.

Tender

Written tenders are valid for thirty (30) days from tender date unless otherwise stated by Seller in the tender or terminated sooner by written notice. Verbal tenders, unless accepted, expire the same day they are made. A complete signed order, including all specifications and documentation to perform the work, must be received by Seller within ten (10) calendar days of notification of award, otherwise Seller reserves the right to amend the delivery date and tender price to cover any increase in cost which Seller may incur after acceptance.

Minimum Order Value

The minimum order value acceptable by Seller is 250/€375 excluding VAT.

Documentation

The Goods are manufactured according to Seller's specifications unless otherwise agreed upon in writing. Seller reserves the right to make any changes to any specification furnished by the Buyer which are required to conform with any applicable statutory or EC requirements or, where the Goods are supplied to Seller's specification which does not materially affect their quality or performance. Seller does not assume responsibility for Goods manufactured, priced or delivered not in accordance with the agreed upon order or the specifications, unless the Buyer's order and specifications are clear and correct in every particular. Where approval of drawings and specifications for projects and systems is required, a copy of the final layout drawings will be forwarded to the Buyer prior to manufacture and any alterations required must be clearly indicated and advised to the Seller within the timescale provided. All descriptions, illustrations, particulars of weights and dimensions issued by the Seller in catalogues, price lists, advertising matter and forwarding specifications are by way of general descriptions and approximate only, and shall not form part of any contract or give rise to any liability on the part of the Seller.

Freight

Standard Carriage & Packing charges in the United Kingdom are included within Seller's United Kingdom list prices. Standard carriage is via a two (2) working day carrier service to a United Kingdom mainland destination.

Passing of Property and Risk

(a) Notwithstanding that the Goods sold by Seller hereunder have been delivered to Buyer, the Goods shall remain the absolute property of Seller until payment of all amounts invoiced by Seller to Buyer and outstanding from time to time.

(b) All risk in the Goods shall be borne by Buyer from the point specified for delivery of the Goods to Buyer, and Buyer will take out and maintain insurance cover to the full value thereof against all risks.

(c) Buyer agrees to store the Goods in such a way that they are readily identifiable as of Seller's manufacture.

(d) In the event Buyer fails to make payment for the Goods when due, commit any act of bankruptcy, make any arrangements with its creditors, enter into liquidation, have a winding-up order made against Buyer or if any receiver or manager of Buyer's assets, income or any parts thereof shall be appointed, Seller shall, after giving notice of its intention and without prejudice to any other rights, have the right immediately to enter upon Buyer's premises with such transport as may be necessary and repossess Goods to the value of all sums due Seller.

(e) Until such time as any of the events specified in paragraph (d) above have occurred, Buyer shall have the right to sell the Goods to any bona fide buyer but shall not give any warranties or incur any liability on behalf of Seller and in the event of any such sale or of any other disposal by Buyer, or if Buyer shall make any insurance claim in respect of the Goods while they remain Seller's property, Buyer has a fiduciary duty to account to Seller for the proceeds of such sale, other disposition or insurance claim (and shall hold any claim to such proceeds as trustee for Seller) to the extent of all sums invoiced by Seller and outstanding from time to time.

(f) If the Goods are used as a component in the production of other goods or are mixed with other goods, Seller shall be entitled to exercise its right of repossession under paragraph (d) above over the composite products or mixture, as the case may be, and Buyer shall have the same duty to account to Seller for the proceeds of any sale, disposition or insurance claim relating to such composite products or mixture and to hold any claim thereto as trustee for Seller to the extent of all sums invoiced by Seller and outstanding from time to time, as it has under paragraph (e) in respect of the proceeds of sale, disposition or insurance claims or claim thereto relating to the Goods.

Services, Projects and Systems:

The prices stated in Seller's tender for specially designed Goods and Services performed are based on the cost of material, labour, on-site services, transport and statutory obligations ruling at the date of tender, and if between the tender date and the date of dispatch and/or completion, variations (either by rise or fall) shall occur in these costs then the order will, unless otherwise stated in writing, be subject to contract price adjustment based on the current Beama formulae as published on their website. In the event of the suspension of the work by Buyer's instructions or lack of instructions, the contract price shall be increased to cover any extra expense thereby incurred by Seller.

Should the Buyer fail punctually to comply with the terms of payment, Seller shall be entitled to interest on any amount overdue at the rate of one and one-half percent (1.5%) above the Base Rate of HSBC from time to time in force. (A part of a month being treated as a full month for the purpose of calculating interest.)

- (b) Eighty percent (80%) of the contract value in equal monthly payments over the performance period payable thirty (30) days from date of invoice.

Credit

Any contract shall be subject to Seller being satisfied as to the Buyer's credit references, and without prejudice to the generality of the foregoing, Seller may (in its absolute discretion), having informed Buyer that the Goods are ready for despatch, refrain from delivering the Goods until such time as Buyer tenders the purchase money to Seller together with any outstanding amounts which may be due to Seller on any account whatsoever.

Insolvency of Buyer

- (a) This Clause applies if:
 - (i) The Buyer becomes insolvent or makes any voluntary arrangement with its creditors or becomes subject to an administration order or (being an individual or firm) becomes bankrupt or (being a Seller) goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction); or

 - (iii) The Buyer ceases, or threatens to cease, to carry on business; or
 - (iv) The Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.
- (b) If this Clause applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to cancel the contract or suspend any further deliveries under the contract without any liability to the Buyer, and if the Goods have been delivered but not paid for, the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

- (c) If this Clause applies then, the Buyer shall have a duty to immediately bring to the notice of any receiver administrator or any such person(s) appointed the existence of and content of the Condition 'Passing of Property and Risk' set forth in the Terms and Conditions of Sale, and the rights of the Buyer to use or trade on the Seller's Goods is immediately terminated and any such receiver administrator or other person or persons appointed will not be entitled to use or to trade on the Seller's Goods unless so authorised in writing by the Seller.

Cancellation

Contracts may be cancelled by the Buyer only upon Seller's written consent and on terms which will indemnify Seller in full against all losses (including loss of profit), costs (including the cost of labour and materials used), damages, charges and expenses incurred by Seller as a result of cancellation.

Delivery

Unless accepted by the Seller in writing, all times or dates for delivery of the Goods are given in good faith but are approximate only. Seller shall not be liable for any delay in delivery however caused. Time for delivery shall not be of the essence of the contract. All times or dates for delivery shall be calculated from the date of acceptance by Seller of the contract from the Buyer, or from the date of receipt by the Seller from the Buyer of all information, instructions and drawings as shall be necessary to enable the Seller to carry out the contract, whichever shall be the later. Unless otherwise stated in writing the Seller shall be entitled to make partial deliveries of the Goods. Express delivery is available and will incur additional cost, charges for which will be advised on placement of contract.

Damage or Loss in Transit

When the price quoted includes delivery, the Seller shall repair or replace free of charge Goods damaged in transit, provided that in the event of damage or storage, written notification giving details of such damage or shortage is sent to Seller within seven (7) calendar days of receipt, and in the event of non-delivery must be sent to the Seller within fourteen (14) days of the date shown on the contract. Buyer must provide to Seller the applicable Contract number and date of dispatch. In the event Buyer fails to give notice within the aforementioned period, the Goods will be deemed to be in all respects as invoiced.

Variations and Suspension

- (a) Seller shall be under no obligation to alter or vary any part of the contract or any work connected therewith. Any alteration to or addition to or amendment or other variation of the specification, including any increase or decrease in the quantity of the Goods or any alteration to any drawings or to the quality, performance, weight or measurements of any Goods or any alteration or variation of advised delivery schedules, shall, if requested by Buyer, be subject to the agreement of Seller, with such alteration or addition to the price and to delivery dates or schedules as may be required by Seller, and shall not be binding upon Seller unless and until accepted by Seller in writing.
- (b) In the event of any variation or suspension by Buyer's instructions or lack of instructions, Seller shall be entitled to adjust the contract price to reflect any additional costs incurred, and to adjust delivery dates or schedules.
- (c) For any tender suspended, held, or rescheduled at the request of the Buyer, Seller may, at its sole option require payment to be based on any reasonable basis, including but not limited to the tender price, and any additional expenses,

or cost resulting from such a delay; and if required, store parts at the sole cost and risk of loss of the Buyer. Payment shall be made to Seller net thirty (30) days from date of invoice. Any tender so held delayed or rescheduled beyond one hundred eighty (180) days will be treated as a Buyer cancellation.

Force Majeure

If in consequence of any circumstances of force majeure, including but without limitation, war, civil commotion or disturbance, strikes, labour trouble of any sort, shortage of manpower, fire, flood, shortage of fuel, power or raw materials, demands, restriction or requests of Government or similar authorities, terrorist acts, wrecks or delays in transportation, non-delivery or delay of Seller's supplies, and all other circumstances of whatever kind which are beyond Seller's reasonable control and which affect Seller's ability to fulfil its delivery obligations, or if delivery of the Goods or completion of the contract is prevented, impeded, or delayed, Seller shall be absolved from all responsibility and liability whatsoever and reserve the right at its option to cancel, wholly or partly, the contract or to postpone the delivery by such period beyond the time of delivery stated as is appropriate in the circumstances. Any cancellation by Seller shall be without prejudice to Seller's rights to recover all sums due in respect of deliveries made prior to cancellation.

Returns

In no circumstances may Goods supplied against a firm contract be returned without the Buyer having first applied for and obtained the written consent of the Seller. A handling charge of a minimum of twenty five percent (25%) to recover costs of re-stocking, transport and administration, will be deducted from any credit allowed by the Seller where it is established that the reason for the return of Goods was not due to any error on the part of the Seller. Products that are specialised or modified in any way from standard are not eligible for return or credit. The minimum handling charge applicable is 100 even where twenty five percent (25%) of the returned Goods value is less than this. The Seller will not collect Goods from site. Goods returned by Buyer's transport or by third party carrier without the prior written consent of the Seller will not be credited. No credit will be due for Goods lost or disposed of without the Seller's written consent. All Goods returned must be in a re-saleable condition, with undamaged cartons and must be in complete box quantities/ minimum sales quantities as specified in product catalogues and latest published price list. Inspection and Test

Goods are carefully inspected and, where practicable, submitted to Seller's standard tests before despatch. If special tests or tests in the presence of Buyer or Buyer's authorised representatives are required, unless otherwise agreed, Buyer will be charged for extra. In the event of any delay on Buyer's or Buyer's authorised representative's part in attending such tests after seven (7) days notice that Seller is ready, the tests will proceed in Buyer's absence and shall be deemed to have been made as if in Buyer's presence. All tests must be made at Seller's facilities.
