pilz

Cable for your safe solution.

the spirit of safety

► Sensor technology PSEN[®] cable accessories

Safe, complete solutions

The sensor technology product area PSEN not only includes devices for position monitoring, safety switches, safety gate systems, optoelectronic protective devices and safe camera systems, but also an extensive range of accessories.

Pilz products can be interconnected in series and are compatible with products and interfaces from other manufacturers. They fit perfectly into your plant environment and also enable Pilz components to be retrofitted to your plant.

Just select the accessories that best suit your requirements and assemble your own individual system solution.
